5-Minute Testimony

- We encourage every Christian to learn to share testimonies. On one hand, it is a way to give thanks to God; on the other hand, we can witness to the Lord. We are not trying to show off how lucky we are, but to manifest God's glory.
- The purpose of writing or telling a testimony is to help others know the difference between before and after believing in God. We are not asking people to hear our life story.
- Doing a 5-minute testimony is to share with others how Jesus changed your life. The purpose is to help others know that through believing in Jesus, life can be changed. The testimony is also an opportunity to invite others to hear the gospel.
- The testimony should bring 2 key points:
  1. The condition before believing in Jesus
  2. The change after believing in Jesus

- The theme of the testimony can be:

- Loneliness	- Lack of Love
- Regret	- Fear
- Selfishness	- Forgiveness
- Feeling useless	- Try to please others
- Anger	- Was trapped by _____

- In the testimony, you may paint a picture of your story, such as loneliness – "My life was like a dark cloud that covered me, but after I believe in Jesus, the cloud was blown away and I can see light. Would you like the dark cloud to leave you?"
- Fear – "When I was scared, I was timid like a mouse. I was afraid to look at people at their eyes. After I heard the gospel and accepted Jesus, I fear no more. Jesus is with me. Now, I soar like an eagle, I can see God's plan in my life. Would you like to have this kind of joy?"
- If the audience is Christians, use a Bible verse to support will manifest more the power of God.
